

Dear Parent / Guardian,

Many thanks for your interest in our e-safety for parents training course, please use the link below to access it.

The activity takes about 25 minutes to complete and unfortunately it does not have the facility to save and come back at another time so please ensure you have enough time and a cup of tea!

At the start of the training you will be asked to enter your name and this will be printed on the certificate of completion if you choose to print one.

The training can be done as a family activity, but be prepared to find out your child knows more about the online world than you!

If you have any questions please contact the academy and we will do our best to help.

Kind regards
